Sawyer Design Associates becomes USGBC Member

December 10, 2008

The Interior Architecture & Design firm of Sawyer Design Associates became a Member of the U. S. Green Building Council (USGBC) on December 9, 2008.

"Our firm is thrilled to be a part of the USGBC because it signifies our commitment to the pursuit of a more sustainable future," said Kay Whelan, Chief Operating Officer for Sawyer Design Associates.

Several staff members at Sawyer Design Associates are LEED (Leadership in Energy and Environmental Design) Accredited Professionals in both Commercial Interiors and New Construction and Major Renovation. LEED Professional Accreditation distinguishes building professionals with the knowledge and skills to successfully steward the LEED certification process. LEED Accredited Professionals (LEED APs) have demonstrated a thorough understanding of green building practices, principles and the LEED Rating System.

Sawyer Design Associates specializes in Interior Architectural Design and Renovations. The firm is comprised of highly-qualified 30 senior-level designers, architects and support staff offering full architectural design services and a complete turn-key package that includes purchasing, receiving, warehousing and installation. Their corporate office and warehouse is located in the Dallas Design District, with a West Coast satellite office located in San Diego, California.
